

THERAPY, COUNSELLING, CONSULTING AND MEETING/WORKSHOP ROOM HIRE

Therapy, counselling, consulting and meeting/workshop room hire are offered via Glasgow Therapy Rooms, which is another branch of the business. Discounts are offered to Registered Members of The CBT'ers Club.

We understand that growing and maintaining a therapy, counselling, psychology or other practice can be tricky at times, so we aim to make things as easy as possible for you. This is one of the reasons why our rooms come more equipped than most other rooms elsewhere. We offer extras that others don't too/

We offer comfortable, luxury rooms in the heart of Glasgow. The offices are based in West Regent Street, in Glasgow city centre and offer a convenient and central location for those travelling from within, and outside, the Glasgow area. Our rooms offer a great place to meet with your clients, patients, colleagues, interviewees, supervisees etc.

Two offices are currently available: Room 1: Fitzgerald Room and Room 2: Isherwood Room. Both rooms are private, comfortable and well-equipped with everything you need (and if there is something you need that we haven't put in the rooms, we can look into getting it for you). Non-therapists/counsellors/psychologists are also welcome to rent rooms on a one-off (subject to availability) or regular basis too.

For more information about the rooms, including photos and the benefits, please see the dedicated website for our therapy, counselling, consulting and meeting/workshop rooms here: www.glasgowtherapyrooms.co.uk
